Bicycle Touring Solutions Product Guide

09-10

A black and silver bicycle is leaning against a dirt ledge in the foreground. The background features a wide, flat-topped desert landscape with several prominent mesas under a hazy, overcast sky. The ground is reddish-brown dirt with some sparse green vegetation.

KampRite Combo TentCot

Sleep outdoors how you like it. This remarkable product separates into a stand alone tent and stretcher. The rainfly is manufactured to be used on both the ground and the stretcher. No-See-Um mesh for added privacy.

Packs away into exceptionally compact unit.

Sets up in minutes.

Weighs in at 7.2 kg. (complete), 1.3 kg Tent Only

Great for Overnight accommodation whilst out downhill or can be separated and used as a tent or stretcher.

KampRite IPS Cyclists Tent

Sleep under the stars in absolute full insect protection. The IPS was originally developed for Military use, so the insect protection is unsurpassable. Can be used as a screen only tent or with the included waterproof rain fly.

Packs away into exceptionally compact pouch.

Sets up in minutes.

Weighs in at 1.2 kg.

Vestibule for Secure Storage of belongings

- 70 litres combined storage on front and rear
- Reflective tape and light sleeves.
- Full Hand Welded Alloy Frame.

KampRite Oversize or Original TentCot.

Package comes in two separate boxes. Weight 24 kg.

trailrot

Consider this.
You have just stepped off an international flight to your dream bike holiday destination. You, your bike and a crazy suitcase. But, it aint no normal suitcase. In a matter of minutes you have transformed your case into a fully self contained bicycle camping outfit. Complete with tent, stretcher, water facility, lights, solar charching kit and all you need to get on the road. You've gotta see it to believe it!

we're ready..are you?

Midget TrailRat Bicycle Trailer “Urban”

Taking the bicycle trailer to the next level, the TrailRat Urban is by far the best commuting trailer on one wheel.

Comprising a full hand welded and engineered aluminium frame, the trailer is super tough and will compete well above its competitors on a number of levels.

Unique Quad-Hitch System generates unsurpassed stability and control of the trailer. Inner lined backpack included, safety flag and lights
Weight: 8 kg - Carrying Capacity 45 kg

Midget TrailRat Bicycle Trailer “Urban+”

Take the Urban and add a few bags and you're set to hit the road with an additional 15 litres of storage for the added weight of 1.1 kg. The TrailRat Trailer Panniers provide additional storage for those items that take up small spaces. Fill easily fit a sleeping bag, pillows and easy access food storage.

Fully Waterproof.
Built in Rain Cover.

Midget TrailRat Bicycle Trailer “Weekender”

Looking forward to that relaxing weekend away? Why not take the bike and the TrailRat Weekender? This unit makes use of the optional top storage bag. Effectively it doubles the storage capacity of the trailer, for an extra 2 kg in added weight.

Make use of the trailer side panniers as water bladders with our upgrade kits.

Rack included.

Midget TrailRat Bicycle Trailer “Tourer”

Our next upgrade kit takes the TrailRat a little further. With the addition of side panniers to the rack, your trailer now has an additional 30 litres and the weight is carried 100% by the trailer. No overburdening of your bike.

Dont forget this trailer still packs away into its own suitcase, complete with telescopic handle and roller wheels.

Midget TrailRat Bicycle Trailer “Expedition”

Take the TrailRat trailer to the next level with the addition of the expedition upgrade kit.

We have taken the genius of the TrailRat and coupled it with the versatility of an all-aluminium framed KampRite Combo TentCot.

These two remarkable products allow you to build the trailer solution to your riding needs.

Rain Covers compliment all configurations.

The only limitation here is your imagination

Total weight

Trailer 11 kgs

TentCot Complete: 4.5kg

Kit the trailer out with the Midget Flexi-Solar kit for charging your mobile electronics such as phone, GPS, and iPod.

Add the TrailRat eAssist kit to boost your riding experience with an electric motor that will push you along for up to 200 km, no pedalling required. Negates the weight of the trailer for those travellers who take everything.
