

trailrat

we're ready..are you?

Consider this. You have just stepped off an international flight to your dream bike holiday destination. You, your bike and a crazy suitcase. But, it aint no normal suitcase. In a matter of minutes you have transformed your case into a fully self contained bicycle camping outfit. Complete with tent, stretcher, water facility, lights, solar charching kit and all you need to get on the road. You've gotta see it to believe it!

Complete with all components as standard. You buy the base trailer and build it up into one of seven configurations by adding the upgrade kit of your choice. The TrailRat can be a daily commuting trailer, a complete touring outfit and can even be fitted with its own eAssist kit that will give you unsurpassed electric input for up to 200 km. Quality hand welded alloy frame and fabrics complete this super bike trailer. Take a look. Be Amazed

Expedition Model comes with its own alloy stretcher and tent. Can be separated to make a ground tent or stretcher only

All models come complete with inbuilt inner backpack. All seams and zippers are fully waterproof. Reflective piping completes the fabric.

Our unique Quad-Hitch provides superior stability and strength to the bike and trailer. The trailer hitch is kept well clear of the rear derailleur and brakes.

Your TrailRat trailer comes equipped with self starting lights. No need to switch them on and off.

Our hitching arm is adjustable. This unique concept allows the trailer to fit to any bike, no matter what width the axle is on the bike.

All models come complete with rear trailing arm suspension.

the world's most versatile single wheel bike trailer
